			5.2 The exercise of the right of access to environmental information includes:
			5.2.a requesting and receiving information from competent authorities without mentioning any special interest or explaining the reasons for the request;
			5.2.b being informed promptly whether the requested information is in possession or not of the competent authority receiving the request;
			5.2.c being informed of the right to challenge and appeal when information is not delivered, and of the requirements for exercising this right.
			5.3 Each Party shall facilitate access to environmental information for persons or groups in vulnerable situations, establishing procedures for the provision of assistance, from the formulation of requests through to the delivery of the information, taking into account their conditions and specificities, for the purpose of promoting access and participation under equal conditions.
			5.4 Each Party shall guarantee that the above-mentioned persons or groups in vulnerable situations, including indigenous peoples and ethnic groups, receive assistance in preparing their requests and obtain a response.
			6.1 Each Party shall guarantee, to the extent possible within available resources, that the competent authorities generate, collect, publicize and disseminate environmental information relevant to their functions in a systematic, proactive, timely, regular, accessible and comprehensible manner, and periodically update this information and encourage the disaggregation and decentralization of environmental information at the subnational and local levels. Each Party shall strengthen coordination between the different authorities of the State.
			6.3 Each Party shall have in place one or more up-to-date environmental information systems, which may include, inter alia:
			6.3.f scientific, technical or technological reports, studies and information on environmental matters produced by academic and research institutions, whether public or private, national or foreign;
			7.1 Each Party shall ensure the public's right to participation and, for that purpose, commits to implement open and inclusive participation in environmental decision-making processes based on domestic and international normative frameworks.
			7.17 With respect to the environmental decision-making processes referred to in paragraph 2 of the present article, as a minimum, the following information shall be made public:
			7.17.a a description of the area of influence and physical and technical characteristics of the proposed project or activity;
			7.17.b a description of the main environmental impacts of the project or activity and, as appropriate, the cumulative environmental impact;

			7.17.c a description of the measures foreseen with respect to those impacts;
			7.17.d a summary of (a), (b) and (c) of the present paragraph in comprehensible, non-technical language;
			7.17.e the public reports and opinions of the involved entities addressed to the public authority related to the project or activity under consideration;
			7.17.f a description of the available technologies to be used and alternative locations for executing the project or activity subject to assessment, when the information is available; and
			7.17.g actions taken to monitor the implementation and results of environmental impact assessment measures.
			7.17.z The aforementioned information shall be made available free of charge to the public in accordance with paragraph 17 of article 5 of the present Agreement.
			11.1 The Parties shall cooperate to strengthen their national capacities with the aim of implementing the present Agreement in an effective manner.
			11.5 The Parties recognize that regional cooperation and information-sharing shall be promoted in relation to all aspects of illicit activities against the environment.
