Goal	Target	Instrument	Article / Description
 <p>End hunger, achieve food security and improved nutrition and promote sustainable agriculture.</p>	2.a Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries.	ICESCR International Covenant on Economic, Social and Cultural Rights	Show all articles 11.2 The States Parties to the present Covenant, recognizing the fundamental right of everyone to be free from hunger, shall take, individually and through international co-operation, the measures, including specific programmes, which are needed: 11.2.a To improve methods of production, conservation and distribution of food by making full use of technical and scientific knowledge, by disseminating knowledge of the principles of nutrition and by developing or reforming agrarian systems in such a way as to achieve the most efficient development and utilization of natural resources;
			15.1 The States Parties to the present Covenant recognize the right of everyone: 15.1.b To enjoy the benefits of scientific progress and its applications;
		Escazú Agreement Regional Agreement on Access to Information, Public Participation and Justice in Environmental Matters in Latin America and the Caribbean	Show all articles 11.1 The Parties shall cooperate to strengthen their national capacities with the aim of implementing the present Agreement in an effective manner.
			11.2 The Parties shall give particular consideration to least developed countries, landlocked developing countries and small island developing States from Latin America and the Caribbean.
			11.3 For the purposes of implementing paragraph 2 of the present article, the Parties shall promote activities and mechanisms, such as:
			11.3.a discussions, workshops, expert exchanges, technical assistance, education and observatories;
			11.3.b developing, sharing and implementing educational, training and awareness-raising materials and programmes;
			11.3.c sharing experiences of voluntary codes of conduct, guidelines, good practices and standards;
			11.3.d committees, councils and forums of multisectoral development stakeholders to address cooperation priorities and activities.
			11.4 The Parties shall encourage partnerships with States from other regions, intergovernmental, non-governmental, academic and private organizations, as well as civil society organizations and other relevant stakeholders to implement the present Agreement.
			11.5 The Parties recognize that regional cooperation and information-sharing shall be promoted in relation to all aspects of illicit activities against the environment.
			13 Each Party, to the extent of its ability and in accordance with its national priorities, commits to provide the resources for national activities that are needed to fulfil the obligations derived from the present Agreement.
		ACHR American Convention on Human Rights	Show all articles 26 The States Parties undertake to adopt measures, both internally and through international cooperation, especially those of an economic and technical nature, with a view to achieving progressively, by legislation or other appropriate means, the full realization of the rights implicit in the economic, social, educational, scientific, and cultural standards set forth in the Charter of the Organization of American States as amended by the Protocol of Buenos Aires.

		Protocol of San Salvador Additional Protocol to the American Convention on Human Rights in the Area of Economic, Social and Cultural rights (Protocol of San Salvador)	Show all articles 12.2 In order to promote the exercise of this right and eradicate malnutrition, the States Parties undertake to improve methods of production, supply and distribution of food, and to this end, agree to promote greater international cooperation in support of the relevant national policies.
		ACHPR African Charter on Human and Peoples' Rights	Show all articles 24 All peoples shall have the right to a general satisfactory environment favourable to their development.
		CBD Convention on Biological Diversity	Show all articles 5 Each Contracting Party shall, as far as possible and as appropriate, cooperate with other Contracting Parties, directly or, where appropriate, through competent international organizations, in respect of areas beyond national jurisdiction and on other matters of mutual interest, for the conservation and sustainable use of biological diversity.
			8 Each Contracting Party shall, as far as possible and as appropriate:
			8.i Endeavour to provide the conditions needed for compatibility between present uses and the conservation of biological diversity and the sustainable use of its components;
			8.l Where a significant adverse effect on biological diversity has been determined pursuant to Article 7, regulate or manage the relevant processes and categories of activities
			8.m Cooperate in providing financial and other support for in-situ conservation outlined in subparagraphs (a) to (1) above, particularly to developing countries
			12 The Contracting Parties, taking into account the special needs of developing countries, shall:
			12.b Promote and encourage research which contributes to the conservation and sustainable use of biological diversity, particularly in developing countries, inter alia, in accordance with decisions of the Conference of the Parties taken in consequence of recommendations of the Subsidiary Body on Scientific, Technical and Technological Advice;
			12.c In keeping with the provisions of Articles 16. 13 and 20. promote and cooperate in the use of scientific advances in biological diversity research in developing methods for conservation and sustainable use of biological resources;
			16.1 Each Contracting Party, recognizing that technology includes biotechnology, and that both access to and transfer of technology among Contracting Parties are essential elements for the attainment of the objectives of this Convention, undertakes subject to the provisions of this Article to provide and/or facilitate access for and transfer to other Contracting Parties of technologies that are relevant to the conservation and sustainable use of biological diversity or make use of genetic resources and do not cause significant damage to the environment.
			16.2 Access to and transfer of technology referred to in paragraph 1 above to developing countries shall be provided and/or facilitated under fair and most favourable terms, including on concessional and preferential terms where mutually agreed, and, where necessary, in accordance with the financial mechanism established by Articles 20 and 21. In the case of technology subject to patents and other intellectual property rights, such access and transfer shall be provided on terms which recognize and are consistent with the adequate and effective protection of intellectual property rights. The application of this paragraph shall be consistent with paragraphs 3, 4 and 5 below.
			16.3 Each Contracting Party shall take legislative, administrative or policy measures, as appropriate, with the aim that Contracting Parties, in particular those that are developing countries, which provide genetic resources are provided access to and transfer of technology which makes use of those resources, on mutually agreed terms, including technology protected by patents and other intellectual property rights, where necessary, through the provisions of Articles 20 and 21 and in accordance with international law and consistent with paragraphs 4 and 5 below.
			16.4 Each Contracting Party shall take legislative, administrative or policy measures, as appropriate, with the aim that the private sector facilitates access to, joint development and transfer of technology referred to in paragraph 1 above for the benefit of both governmental institutions and the private sector of developing countries and in this regard shall abide by the obligations included in paragraphs 1. 2 and 3 above.
		UNCCD UN Convention to Combat Desertification	Show all articles 11 Affected country Parties shall consult and cooperate to prepare, as appropriate, in accordance with relevant regional implementation annexes, subregional and/or regional action programmes to harmonize, complement and increase the efficiency of national programmes. The provisions of article 10 shall apply mutatis mutandis to subregional and regional programmes. Such cooperation may include agreed joint programmes for the sustainable management of transboundary natural resources, scientific and technical cooperation, and strengthening of relevant institutions.

			<p>12 Affected country Parties, in collaboration with other Parties and the international community, should cooperate to ensure the promotion of an enabling international environment in the implementation of the Convention. Such cooperation should also cover fields of technology transfer as well as scientific research and development, information collection and dissemination and financial resources.</p>
			<p>18.1 The Parties undertake, as mutually agreed and in accordance with their respective national legislation and/or policies, to promote, finance and/or facilitate the financing of the transfer, acquisition, adaptation and development of environmentally sound, economically viable and socially acceptable A/AC.241/27 page 16 technologies relevant to combating desertification and/or mitigating the effects of drought, with a view to contributing to the achievement of sustainable development in affected areas. Such cooperation shall be conducted bilaterally or multilaterally, as appropriate, making full use of the expertise of intergovernmental and nongovernmental organizations. The Parties shall, in particular:</p>
			<p>18.1.a fully utilize relevant existing national, subregional, regional and international information systems and clearing-houses for the dissemination of information on available technologies, their sources, their environmental risks and the broad terms under which they may be acquired;</p>
			<p>18.1.b facilitate access, in particular by affected developing country Parties, on favourable terms, including on concessional and preferential terms, as mutually agreed, taking into account the need to protect intellectual property rights, to technologies most suitable to practical application for specific needs of local populations, paying special attention to the social, cultural, economic and environmental impact of such technology;</p>
			<p>18.1.c facilitate technology cooperation among affected country Parties through financial assistance or other appropriate means;</p>
			<p>18.1.d extend technology cooperation with affected developing country Parties, including, where relevant, joint ventures, especially to sectors which foster alternative livelihoods;</p>
			<p>18.1.e take appropriate measures to create domestic market conditions and incentives, fiscal or otherwise, conducive to the development, transfer, acquisition and adaptation of suitable technology, knowledge, know-how and practices, including measures to ensure adequate and effective protection of intellectual property rights.</p>
			<p>20.1 Given the central importance of financing to the achievement of the objective of the Convention, the Parties, taking into account their capabilities, shall make every effort to ensure that adequate financial resources are available for programmes to combat desertification and mitigate the effects of drought.</p>
			<p>20.2 In this connection, developed country Parties, while giving priority to affected African country Parties without neglecting affected developing country Parties in other regions, in accordance with article 7, undertake to:</p>
			<p>20.2.c facilitate through international cooperation the transfer of technology, knowledge and know-how;</p>
			<p>20.3 Affected developing country Parties, taking into account their capabilities, undertake to mobilize adequate financial resources for the implementation of their national action programmes.</p>
