Цель	Задача	Документ	Статья / Описание
 12 ОТВЕТСТВЕННОЕ ПОТРЕБЛЕНИЕ И ПРОИЗВОДСТВО Обеспечить устойчивые модели потребления и производства.	12.5 Существенно уменьшить к 2030 году объем производимых отходов за счет предупредительных мер, измельчения, переработки и повторного использования. Indicators 12.5.1 Национальный уровень переработки отходов, масса утилизированных материалов в тоннах.	МПЭСКП Международный пакт об экономических, социальных и культурных правах (МПЭСКП)	Show all articles 12.1 Участвующие в настоящем Пакте государства признают право каждого человека на наивысший достижимый уровень физического и психического здоровья.
			12.2 Меры, которые должны быть приняты участвующими в настоящем Пакте государствами для полного осуществления этого права, включают мероприятия, необходимые для: 12.2.b улучшения всех аспектов гигиены внешней среды и гигиены труда в промышленности;
		UNDRIIP Декларация о правах коренных народов	Show all articles 29.2 Государства принимают действенные меры по недопущению хранения опасных материалов на землях или территориях коренных народов или вывоза опасных материалов на земли или территории коренных народов без их свободного, предварительного и осознанного согласия.
			29.3 Государства принимают также действенные меры по обеспечению, в случае необходимости, надлежащего осуществления программ мониторинга, сохранения и восстановления здоровья коренных народов в том виде, как они разрабатываются и осуществляются народами, подвергшимися негативному воздействию таких материалов.
		Escazú Agreement Regional Agreement on Access to Information, Public Participation and Justice in Environmental Matters in Latin America and the Caribbean	Show all articles 1 The objective of the present Agreement is to guarantee the full and effective implementation in Latin America and the Caribbean of the rights of access to environmental information, public participation in the environmental decision-making process and access to justice in environmental matters, and the creation and strengthening of capacities and cooperation, contributing to the protection of the right of every person of present and future generations to live in a healthy environment and to sustainable development.
			4.1 Each Party shall guarantee the right of every person to live in a healthy environment and any other universally-recognized human right related to the present Agreement.
			4.2 Each Party shall ensure that the rights recognized in the present Agreement are freely exercised.
			4.3 Each Party shall adopt the necessary measures, of a legislative, regulatory, administrative or any other nature, in the framework of its domestic provisions, to guarantee the implementation of the provisions of the present Agreement.
			6.3 Each Party shall have in place one or more up-to-date environmental information systems, which may include, inter alia:
			6.3.a the texts of treaties and international agreements, as well as environmental laws, regulations and administrative acts;
			6.3.b reports on the state of the environment;
			6.3.c a list of public entities competent in environmental matters and, where possible, their respective areas of operation;
			6.3.d a list of polluted areas, by type of pollutant and location;

6.3.e information on the use and conservation of natural resources and ecosystem services;
6.3.f scientific, technical or technological reports, studies and information on environmental matters produced by academic and research institutions, whether public or private, national or foreign;
6.3.h information on environmental impact assessment processes and on other environmental management instruments, where applicable, and environmental licences or permits granted by the public authorities;
6.3.i an estimated list of waste by type and, when possible, by volume, location and year; and
6.3.j information on the imposition of administrative sanctions in environmental matters.
6.3.z Each Party shall guarantee that environmental information systems are duly organized, accessible to all persons and made progressively available through information technology and georeferenced media, where appropriate.
6.4 Each Party shall take steps to establish a pollutant release and transfer register covering air, water, soil and subsoil pollutants, as well as materials and waste in its jurisdiction. This register will be established progressively and updated periodically.
6.5 Each Party shall guarantee that in the case of an imminent threat to public health or the environment, the relevant competent authority shall immediately disclose and disseminate through the most effective means all pertinent information in its possession that could help the public take measures to prevent or limit potential damage. Each Party shall develop and implement an early warning system using available mechanisms.
7.1 Each Party shall ensure the public's right to participation and, for that purpose, commits to implement open and inclusive participation in environmental decision-making processes based on domestic and international normative frameworks.
7.2 Each Party shall guarantee mechanisms for the participation of the public in decision-making processes, revisions, re-examinations or updates with respect to projects and activities, and in other processes for granting environmental permits that have or may have a significant impact on the environment, including when they may affect health.
7.17 With respect to the environmental decision-making processes referred to in paragraph 2 of the present article, as a minimum, the following information shall be made public:
7.17.a a description of the area of influence and physical and technical characteristics of the proposed project or activity;
7.17.b a description of the main environmental impacts of the project or activity and, as appropriate, the cumulative environmental impact;
7.17.c a description of the measures foreseen with respect to those impacts;
7.17.d a summary of (a), (b) and (c) of the present paragraph in comprehensible, non-technical language;
7.17.e the public reports and opinions of the involved entities addressed to the public authority related to the project or activity under consideration;
7.17.f a description of the available technologies to be used and alternative locations for executing the project or activity subject to assessment, when the information is available; and
7.17.g actions taken to monitor the implementation and results of environmental impact assessment measures.
7.17.z The aforementioned information shall be made available free of charge to the public in accordance with paragraph 17 of article 5 of the present Agreement.

		Protocol of San Salvador Additional Protocol to the American Convention on Human Rights in the Area of Economic, Social and Cultural rights (Protocol of San Salvador)	Show all articles 10.1 Everyone shall have the right to health, understood to mean the enjoyment of the highest level of physical, mental and social well-being.
